Each apartment will have generous terrace with optional SPA Hot tube. Both penthouse apartments will have private staircase access and option of common private elevator. Penthouse apartments will consist of two bedrooms and two bathrooms with generous living room, kitchen and eating corner in open space design manner. Several options of materials and colours will be available to choose from.

LOCATION

Such a location in Vodice is extremely rare to find. New “Apartment House Blata” will be constructed in a quiet neighbourhood of already several new luxurious holiday homes, directly next to the famous “Plava” Beach. Practically you will be almost on the beach since it is only 100 meters away from it. To the centre of town Vodice you only have 800 m. This really represents one of the best holiday positions since everything is in walking distance.
